## **Valary & Mally McLoughlin, Viroflay, France ~ [rivergirl007@hotmail.com](mailto:rivergirl007@hotmail.com)**

**Praise the Lord** with us that Mally has gotten fully funded for this year!! Mally has been raising funds for a year to be able to work in our church full time and that just happened recently and we are so thankful.

**Pray** for Dylan (13) and Pearl (10) as they continue to grow. They do not yet know Jesus personally. Pearl is autistic and we are in the process of finding a middle school for her that will meet her needs best. Pray that we would find the right school. Pray that Dylan would grow into a man of God. Pray for us as we parent these kids as well.

**Pray** for Corinne, my tutor, that she would come to know the Lord. We have had some really good conversations recently about the Lord. Pray for openness for her and boldness for me!

**Pray** for open doors with our neighbors and opportunities to share Christ with them.

**Pray** that Mally and I would grow in our relationships with the Lord and that our marriage would be strengthened.

**Pray** for Mally, that as he works as a pastoral intern at the church, he would learn and grow in that position and that we would both listen to the direction of the Lord in our lives.

**Pray** for continued improvement in Hannah's health.

## **Sam & Jen Stemple, Black Forest Academy, Germany ~ [bfastemples@gmail.com](mailto:bfastemples@gmail.com)** (Jordan, Noelle, Matthew & Katrina)

**Pray** for Sam and Jen as we get back into life here at the school. Pray for wisdom in our roles, for joy in the daily life, and for a deeper love for the Father as we walk with Him. And for Matthew and Katie...that they too, would know the Lord in a deeper way this year. For Matthew, especially, as he heals from a broken hand. He is ready to get into playing basketball, and had to skip his first 2 games to let his hand heal.

## **Tou Lee & Tang Thao, Bangkok in Thailand ~ [touleethao@gmail.com](mailto:touleethao@gmail.com)** (Abraham & Selah)

**Pray** for musicians for our worship team.

**Pray** for funding as we are opening up an office for our site.

## **B&M, C&S, E&C, J&J, R&M, S&K, S&W, and T&H—Creative Access Workers around the World**

### **B&M – Europe**

**Pray** that our family would stay healthy and safe. Since our time here, all of the boys have had the terrible flu. J also broke his wrist during the first week of school while riding a snowmobile. P and J are playing indoor soccer through March, and then all three of them will begin in an outdoor league. Pray that they will be free from injury.

**Pray** that M will continue to do well in college and adjust to having his family on the other side of the Atlantic.

**Pray** that God will lead P in his college choice. He has applied to 6 schools in the UK and has already started to receive acceptance letters. He was accepted into a soccer academy/international sports management program in England. Pray that God will provide for his financial needs.

**Pray** that God would reveal Himself to each of our boys in a personal way and that they would all grow in their faith.

**Pray** that God will grant us rest and renewal during these months here and that He will lead and guide us concerning our future.

### **C&S – Asia – On Home Assignment**

**Pray** that E, who is works in a local business, would be strong and courageous as he walks this path of cancer. Pray that he will have opportunities to share his testimony. Pray that he would have a better appetite and would be able to eat well to keep his blood counts high enough to be able to receive each treatment. And Pray that, if it is God's will, He would heal E.

### **E&C – On Home Assignment**

**Our children** have transitioned well during our home assignment year. Please pray that they would seek Jesus and for wisdom for us as we parent them through the teenage years.

**Praise God** for the work that He is doing in the local church in the country where we serve. Pray against the opposition there. Pray against the attacks on the health and families of those who are faithfully serving.

**Pray** that believers in our country would have a greater understanding of God's love for them every day. Pray that they would extend that love to those around them.

### **J&J – Middle East**

**Praise:** We have transitioned into the next phase of language learning, which includes far more speaking. Progress is being made!

**Praise** for the time our team has a retreat in another country in March. The time of refreshment is well appreciated!

**Pray** for 5+ people who are actively asking questions about The Book and desiring to study it

**Pray** for our teacher who was asked to help edit a movie in the local language on the Book of John, as well as eventually helping with the other 3 Gospels.

### **M&L— Africa**

**Praise:** Starting to feel at home and be able to look ahead. Praise that S seems to be healthier with the correct combo of allergy meds.

**Pray:** A is beginning to process having a new home and comparing it to what we left. Pray for her heart and for her trust to be strengthened in God's presence and goodness to her. Pray for us to help her process that well.

**Team:** Our team welcomed a new member, K, this week. Pray for her transition and protection from Satan's attacks. She comes with a clear call to make prayer for this country a significant portion of her work here. This is just what our country needs, but doubtless what the enemy wants to destroy.

**Neighborhood:** Our neighbors across the street have been super welcoming and friendly. Praise God for friends who have made the first step! Their son speaks English and comes on Saturdays to chat with our kids. His mom has offered friendship without boundaries to L.

### **R&M – Asia**

**We ask** for your covering as we begin life in a city with a great deal of sp. warfare. Ask that He would be our protector and guide as we put down roots here, our sustainer through hard transitions, and that we would daily live out of His joy.

**Historically**, the enemy attacks the marriages and children of workers here. Please stand with us against this attack and ask that our marriage would remain strong and loving, that we would have patience towards one another so that others would notice a difference in our marriage and relationships with our children, and that our children would thrive in this environment.

**Please** remember our children as they transition to another city once again (we've lived in 14 different homes since last May!). Ask especially for a kindred spirit friend at school for our daughter.

**Please** remember our team as we take steps towards a new project. Ask for unity in decision making, protection from the enemy, and open doors which lead to His message being proclaimed.

**We are** asking for a people movement! Join with us in asking the Father to open the hearts of the thousands of "T" people living in our community so that they might hear and accept His saving Hope.

### **S&K – on Home Assignment**

**Please** ask that God would use the problems of the country to build His Church anyway! There are only around 500 Christians out of 6 million people. Every day we want to share Jesus with just one more person. Please ask that God will provide many people who need to hear. There is a need for committed believers to lead the small churches—ask God to give courage Mr. R, Mr. H, and Mr. A.

### **S & W on Home Assignment**

**Praise God** for some days of r&r we had recently in the month of January. That we have been able to reconnect with many friends and supporters. For A's (19) good transition into ASU as a freshman this year. That our other three children (ages 18, 16, and 16) have done well here in the U.S.

**Pray** for S&W while they are apart from each other for a good part of the spring. Pray for safety on the road for S, for good interactions with people in various churches, and for strength and grace for W holding down the fort at home.

**Pray** for P, our ministry partner for the past seven years. Pray that his family would be reunited and for provision of resources and documents for this to happen.

**Pray** for grace for our family as we enter a new phase. We will be leaving our two eldest behind for college when we return to ministry in Eastern Europe this summer.

### **T&H – Middle East**

**Praise** for developing relationships, especially with our neighbors, as well as friends our church.

**Pray** for the coming under increasing pressure from the community. We are currently using the church office for Sunday services, but the neighbors are trying to get us kicked out. Pray for good relations with our neighbors, and for a better location to hold services. Pray for us as we continue to come alongside the church to serve and support it.

**Pray** for our security and safety, as an increasing number of International Workers are needing to leave the country. Our American partners at the Church were just called home by their organization due to security concerns.
