

CALL TO PRAYER

OCTOBER 2026

HARVESTING AND SENDING

Located in Ciudad del Este, Paraguay, Casa de Samuel welcomes students from all across Latin America. The project seeks to connect in-class learning with practical, hands-on learning in a ten-month, cohort-style environment. Students live, learn, and serve alongside one another, simulating an in-field teaming experience. For one week a month, students have an intensive class and then are provided opportunities to put that learning into practice within the places in the community they choose to engage.

This project is in redevelopment but comes from a rich history of partnership between the Alliance World Fellowship partners of Chile, the U.S., and Canada. Students from Chile, Colombia, Peru, Argentina, and Italy have passed through the program in its time and graduates have served overseas or have returned to invest more deeply in local missions in their own context. While this is a younger city, a key to its growth and success was immigration from multiple countries around the world. In the city today, there are people from at least 11 other nations who have lived here for years, along with others who have more recently immigrated here, making it a rich learning environment.

As we have come up on one year since arriving, we are thankful to have established a foundation as a family, as a team, and within the community. This next year, we are hoping to welcome five to seven students into Casa de Samuel to teach and mentor in our 10-month program. We are planning a Spanish and English discussion time to build more of a foundation in our neighborhood and to give students more opportunity to get to know those around them. We are also hoping to expand our network of connections in Latin America to raise awareness for Casa de Samuel and support the workers who are transitioning from here to the field.

Please pray:

- For wisdom and clarity as we begin planning for our next year here.
- For our co-leaders at Casa de Samuel as we begin preparing our next cohort of students by re-examining the curriculum, preparing workshops, and evaluating some remodeling of the dormitory space.
- That our home would be a place of care, safety, and refuge as we support a multi-generational family and that we would know the right way to care for and support them.

YOUNG ADULT MINISTRIES

Our youth center here has had around 1,650 young adults come through for English training in the last 13 years. In addition to teaching English, our center helps teach computer skills, leadership skills, and critical thinking, among other things. Most students are from the majority religion here in our country. Our heart behind this ministry is to show them Jesus' love and build relationships with them that can bear the weight of the gospel. We hope to one day plant a house church from the young adults who are our English students. We also invite students to read the Bible with us in our homes outside the center, and we have several groups of students watching *The Chosen* with us and our Envision colleagues.

Praise the Lord:

- God has enabled various Alliance workers to watch *The Chosen* with 25 individuals!
- Sixty women attended a women's day to hear about how God sees them!
- Young university students have been eager to read the Bible with our workers here!

Please pray:

- That God's presence would be evident at our youth center. Pray for a family atmosphere there and that students would begin to initiate spiritual conversations.
- For seeds of good news to be sown widely and for the students to have dreams and visions of Jesus.

- For healing for our teammate who is dealing with some health concerns.

RADIO GOSPEL ACCESS

The Kituba Bible story songs recording project was completed in March of this year. Some of these songs are already being used alongside recorded stories in various languages that are broadcast on the Good News Radio. The songs and music videos help illiterate participants better understand and memorize details of biblical narratives.

RSM (Good News Radio) successfully completed a month-long World Cup evangelistic outreach to the local community in Songolo. The gospel was shared during halftime of each match from June 11 to July 19, and an estimated 25 people accepted Jesus!

Please pray:

- That these songs are used for God's glory and that the stories become a part of many Congolese lives.
- For the national Christians to be inspired to translate and record the songs into their own tribal languages or dialects.
